

## COOKIE POLICY

Last updated: 15.02.2021

### WHAT ARE COOKIES?

When you use the website of Exbitex Limited (Hong Kong) (further - Exbitex), we place cookies on your device – small pieces of text that are sent to your device by the website. This helps the website to remember the information about your visit, including the selected language and other settings, which in turn can facilitate your next visit and make the site more useful for you. Our website <https://exbitex.com> may use different types of cookies.

A cookie (a small file with profile settings) makes it easier to use the website by recording the data needed to log in and collect statistics. You can also use the site without cookies. Cookies usually store your preferences on the site, such as the language you speak, the location (geolocation), etc. Most Internet users automatically accept cookies. They can be turned off at any time, or you can configure the search engine to report all instances involving sending files of this type.

Cookies can have a limited duration of one browsing session in the browser (so-called “session cookies” – automatically deactivated when the user closes the browser); or they may have a predetermined deadline (in this case they will remain stored and active on your hard drive until the set expiration date, continuing to collect information during various browsing sessions in the browser – so-called “persistent cookies”).

To learn more about cookie categories, please read the Exbitex Cookie Policy. Learn how do cookies work and for what are they designed to clearly understand either give consent to their use or prevent it.

### STRICTLY NECESSARY COOKIES

The website <https://exbitex.com> uses the following types of technical cookies, which do not require the consent of users, but for which Exbitex, as a data collector is obliged to provide appropriate information:

a) Temporary or session cookies: they are important because they allow the user to go from one page to another on the site and view the types of legal services provided by the Exbitex team. The information about them is not stored on the user’s device and they disappear when the browser is closed;

b) Persistent cookies: they are used solely to improve the speed of browsing sites, remembering certain settings selected by the user (e.g., language selection, city of residence, etc.). Therefore, they are the tools used by Exbitex to provide convenient efficient viewing, session stability, constant login settings throughout the session, and the selected country of navigation. They also remember the user’s choice of viewing certain elements of the page, such as informational and interactive banners.

In any case, users still have the opportunity to prevent the installation of strictly necessary cookies at any time, using the settings of the browser chosen; this means, however, that such settings can make the site slow, difficult, or even impossible to use.

### THIRD-PARTY COOKIES

While browsing, there are some cookies not directly controlled and managed by us. This happens, for example, if you visit a page that has the content of a third-party website.

Accordingly, it should be noted that Exbitex is in no way involved in the processing of data collected through this type of cookies, given its status as a mere technical intermediary.

## **ANALYTICAL COOKIES**

For convenience, the website also uses analytical cookies. We use Google Analytics to collect statistics that use cookies collecting information such as your IP address or other identifiers, browser information, and information about the content you view and interact with to record how you use our digital services.

These analytics services help us find out how many users we have, which pages of our website are most popular, which browsers we use (so we can achieve maximum compatibility), the country or region where our users are located, and the demographics and interests of our users. This allows us to better understand who is using our site and how we can improve the navigation and content of the pages.

Google Analytics cookies can store information for up to two years. For more information on Google Analytics services, [click here](#).

## **MARKETING COOKIES**

We want to present you personalized content; provide you only with the valuable, really useful and interesting information. This includes communicating with you through our marketing campaigns.

## **SOCIAL MEDIA COOKIES**

The “Share” and “Like” buttons are linked to your social media accounts. This involves sharing some of your data for technical and security reasons.

## **DATA PROCESSING METHOD**

Exbitex collects and processes some of your personal data through cookies that are used directly on the site. The company will process your data only with electronic tools, fully automated, and without human intervention. Therefore, employees and employees of the Company will never have access to the content of your personal data obtained through cookies, which means that they will never be able to access and/or have direct personally identifiable information.

## **DISCLAIMER OF COOKIES**

When you visit the site for the first time, you can either accept all cookies by clicking the “Accept” button or refuse to use them by clicking the “Refuse” button, which you will immediately see at the bottom of the page.

You can manually configure or disable the use of cookies, according to the recommendations below, depending on the browser you use:

Internet Explorer: [check here](#)

Mozilla Firefox: [check here](#)

Google Chrome: [check here](#)

Safari: [check here](#)

Opera: [check here](#)

You can also find more information about cookies at:

<https://support.google.com/accounts/answer/27448?hl=en> or <https://www.aboutcookie.org/>

You have the opportunity, at any time, either confirm or revoke your consent to the processing of your personal data by Exbitex Ltd. To exercise your rights or obtain any additional information or clarification regarding this Cookie Policy, please contact Exbitex in the following ways:

- by sending an official letter to the Exbitex office address: Hong Kong, Room 1001, 10/F, Tower B, New Mandarin Plaza 14 Science Museum Road Tsimshatsui East, Kowloon.
- by sending an e-mail to [info@exbitex.com](mailto:info@exbitex.com)
